

C7 2022

INTERNATIONAL KICK-OFF

On 01 January 2022, Germany has assumed the G7 Presidency. VENRO, the umbrella organisation of development and humanitarian NGOs in Germany, and the German NGO Forum on Environment and Development have been appointed by the German Government to coordinate the Civil7 process. The aim is to establish a dialogue between civil society and the G7 governments and to inform the outcomes of the 2022 G7 Summit.

Since decisions and commitments made by the G7 have global implications, we want to ensure that a broad international perspective is reflected in the positions expressed by the C7. Therefore, we invite civil society organisations across the globe to participate in this process and to join the C7 Working Groups.

At this event, we will explain the C7 process in general and introduce the Steering Committee as well as the Working Groups.

We will be joined by Gisela Habel, Deputy Head of the G7/G20 Sherpa Office at the German Chancellery, who will present the priorities for the German G7 Presidency and who will join us for a discussion.
